

Hands & Feet

Keri Hilson

Now if you see a daddy-boy
Point him out
If he can get it up
I can put it down
And I can put it down
Betcha i can put it down(Watch me)
Usually its you checking me
But i aint gonna lie tonight
Got my eye on you
Both eyes on you
And i got half a mind to
"Just cross the line"
But the other half is wondering
Baby could you come trough
I wanna see what it do
Can you pick me up like a real bad habbit
Flip me over like im acrobatic
We're both sick of playin' hard to get
Read my lips
Im ready to goI keep thinking about the things you told me
Im thinking that you need to show me
Dont know if you could back it up
But two things i know fo shoBoy you got big feet
and you got big hands
So i already know whats up in your pants
