

Nesian 101

Nesian Mystik

They say your never on time
And music's on all day
And you be growing them rude-ngati dreads
White on white sneakers and baggy jeans
Got that green stone around your neck I came from the 183
So I know a little bit about fresh bee
Yes we keep rep'n and rock'n that fresh steez
Jeans cut with socks and jandals
Aloha shirts be the formal dress standard
Spot the poly's from a mile away
And you tell their coming when you hear this play Follow the leader... leader... leader
Follow the leader x 2 You're so fresh but I want to know if you down?
Because if you are then let your hair down baby
I want to know?
Got 2 fried eggs on that \$1 bread
Street fighter 2 where my money was spent
Brothers roll pass speakers on full blast
Singing "Korero Maori ie" They say you're never on time
And music's on all day
And you be growing them rude-ngati dreads
White on white sneakers and baggy jeans
Got that green stone around your neck What you know about F.O.Bs /
Taro, Manioke & Lu Sipi /
Ya'll know what I'm talking bout the Sunday Feeds /
Then 2 minute noodles & that fried Corned Beef /
For the rest of the week, that's all there is /
Go to school and scab off the rest of the kids /
Save that bus money home for that \$1 chips /
If you don't walk it off it goes straight to the hips...
I never run my day by time
I run my time by the change of sky
I run my time like my appetite
Coke and a pie's what we call fine dine
SURRY CRES to SANDRINGHAM
CALIFOR-NI-A down to JAPAN
It's the real McCoy making all that noise
More FOB than FALL OUT BOY... They say you're never on time
And music's on all day
And you be growing them rude-ngati dreads
White on white sneakers and baggy jeans
Got that green stone around your neck Bridge x2:
"1" Bounce on that 2 & 4, don't clap on that 1 & 3... /

"2" You have your Cappuccino, we on that Cuppa Tea... /

"3" Be rude to turn it down, so take it if it's free... /

"4" Just keep it FRESH, no matter where you be... /

You're so fresh but I want to know if you down?

Because if you are then let your hair down baby

I want to know?

They say you're never on time

And music's on all day

And you be growing them rude-ngati dreads

White on white sneakers and baggy jeans

Got that green stone around your neck
