

# Chaser

## Carrie Underwood

I need something strong tonight  
I'm needing me a 100-proof  
Something to erase my mind  
Rid me of the thought of you  
Ain't gonna water it down when I say it out loud  
I'm gonna mean it when I'm telling you goodbye  
You're looking in my eyes, but seeing somebody else  
Yeah, I never should have fell  
Yeah, boy, you're nothing but a chaser  
You're looking at me and thinking of her  
And it cuts me like a razor  
And you ain't doing me any kind of favors  
Sticking around this one-horse town tonight  
You can follow her tracks; you can try to win her back  
Put the miles on your tires til you run out of gas  
I'm done letting you be my heartbreaker  
So go ahead and chase her  
Yeah, the grass ain't always greener  
Over on the other side  
You never learn when you're a leaver  
It's just a part of your design  
Cause you're the kind that can't stay for too long in a sad place  
You'll be looking for me when you change your mind  
Yeah, boy, you're nothing but a chaser  
You're looking at me and thinking of her  
And it cuts me like a razor  
And you ain't doing me any kind of favors  
Sticking around this one-horse town tonight  
You can follow her tracks; you can try to win her back  
Put the miles on your tires til you run out of gas  
I'm done letting you be my heartbreaker  
So go ahead and chase her  
So go ahead and chase her  
It's the thrill, it's the hunt, it's the love of the game  
It's the get what you want and then you throw it away  
It's the rush of the fall, not the land  
It's the catch her if you can, catch her, catch her if you can  
Yeah, boy, you're nothing but a  
chaser  
And it cuts me like a razor  
And you ain't doing me any kind of favors tonight  
You can follow her tracks; you can try to win her back  
Put the miles on your tires til you run out of gas  
I'm done letting you be my heartbreaker  
So go ahead and chase her  
So go ahead and chase her  
It's the thrill, it's the hunt, it's the love  
Catch her if you can, catch her, catch her if you can

It's the thrill, it's the hunt, it's the love  
Catch her if you can, catch her, catch her if you can
