

Yamborghini Dream (feat. Young Thug)

Lil Uzi Vert

Thugger, this shit don't stop
I recognise that this shit keep goin' you know
With or without it
Ya dig? I'm with the 808 Mafia
You want war, then I ain't stoppin' ya
I'm cookin' the white girls for my boy
I'm havin' rings like a motherfuckin' lord
No I ain't hesitating on no nigga
Ain't comin' featherweight for no nigga
I'mma accelerate on the nigga
Pussy ass niggas I don't need no nigga
I just joined a mark
I'm the boss, I'm that boy
I want millions with Floyd
I shine bright in the dark
I'm a beast, where my feast?
Honey me, I'mma a bee
I'mma trap with a Trojan
Bite these red Applebees
I pour fours in a cream soda
My ice wet just like Daytona
My dope white like South Dakota
And my diamonds are black like Folger's
Somebody tell 'em they ain't stoppin' me
I call her tart, she gonna come pop for me
If I get it started, she gone start for me I'm with the 808 Mafia
You want war, then I ain't stoppin' ya
I'm cookin' the white girls for my boy

Ain't comin' featherweight for no nigga
I'mma accelerate on the nigga
Pussy ass niggas I don't need no nigga
