

Scavenger Consuming Death

Cannibal Corpse

Hammers swing, cracking their skulls
Blades slash, spraying their blood
He waits, watching them kill
When they're done, he will feed
Scavenger consuming death
Yield of violence gives him life
Scavenger consuming death
Parasite awaits your demise
Solo - O'Brien
Viscera, torsos torn
Chopping off legs and arms
Sounds of violence draw him near
Soon he'll feed, soon he'll feed
Scavenger consuming death
Yield of violence gives him life
Scavenger consuming death
Parasite awaits your demise
Scavenger consuming death
Body parts and severed heads
Scavenger consuming death
Human vulture seeks your end
Scavenger
Gruesome forager
Tracking murderers
What they leave behind will feed this ghoulish fiend
Cannibal
Waits for you to fall
Insatiable
Your mangled corpse will soon become his latest meal
They have died
Eat their flesh
Before they rot
Gnaw and tear
The fresh meat
Leave only bones
A morbid harvest, once alive
Murdered, butchered, eaten, they're gone
Exploit the carnage, he survives
Hunting, waiting, reaping, death's spawn
Eat them all
Scavenger consuming death
Yield of violence gives him life
Scavenger consuming death
Parasite awaits your demise
Scavenger consuming death
Body parts and severed heads
Scavenger consuming death
Human vulture seeks your end
