

# VHS

## Thomas Rhett

We got that top down on a old jeep  
Rolling through the country  
Yeah, just two hearts and a backbeat Spending all our money  
On a bag of ice and a case of Light  
It's about a thousand Fahrenheit  
No need to check the weather as long as we're together It's gon' be a VHS (Whoa)  
Soon as I saw them palm trees on your T-shirt dress (Whoa)  
Yeah, I felt my whole body break into a sweat (Oh yeah)  
I'm like SOS  
Hands on fire when I hold you  
I can guarantee it's gonna be a very hot summer  
Me and you  
Hanging over each other like we do  
(All over each other, baby)  
Hiding underneath the covers, ooh  
It's gonna be another very hot summer with you  
Hot summer with you, now, oh  
Got a swan float from the Ron Jon  
Let's go find some water  
'Cause it's popping off like Pérignon  
It keeps getting hotter  
'Cause you bring the heat like South Beach  
Somebody crank up that AC  
You've got these windows steaming  
Girl, I got a feeling It's gon' be a VHS (Whoa)  
Soon as I saw them palm trees on your T-shirt dress (Whoa)  
Yeah, I felt my whole body break into a sweat  
I'm like SOS  
Hands on fire when I hold you (Hold you)  
I can guarantee it's gonna be a very hot summer, me and you  
Hanging over each other like we do  
Hiding underneath the covers, ooh  
(Underneath them covers, yeah)  
It's gonna be another very hot summer with you  
I can feel it in the air now  
When you're puling back your hair  
And look at me that way  
Cherry on your lips, margarita on your kiss  
I can almost taste it  
Girl, we're on our way to a VHS  
Son as I saw them palm trees on your T-shirt dress  
Yeah, I felt my whole body break into a sweat (A sweat)

Like SOS (-OS)  
Hands on fire when I hold you  
I can guarantee it's gonna be a  
VHS (Whoa)  
Son as I saw them palm trees on your T-shirt dress (Whoa)  
Yeah, I felt my whole body break into a sweat  
I'm like SOS  
Hands on fire when I hold you (Hold you)  
I can guarantee it's gonna be a very hot summer  
Me and you  
(You know it's gonna be a)  
Hanging over each other like we do  
(All over each other, baby)  
Hiding underneath the covers, ooh  
It's gonna be another very hot summer with you
