

One Night Only (feat. Yohamna Solange)

Trivecta

One Night Only
You can call me boo
One night, one night, one night
You so fly walking by that you caught my eye
Try'na run but you're sad and spend the night But I'm chrome in the zone so take me home
But when we're done having fun then I'm racing home
Cause
One Night Only
One Night Only You can call me boo cause I'm coasting lonely One Night Only
One Night Only, Only, Only, Only
You so fly walking by
...
Cause...
You so fly walking by that you caught my eye
Tryna run but you're sad and spend the night
But I'm chrome in the zone so take me home
But when we're done having fun then I'm racing home
Cause
...
One Night Only, Only, Only
...
You so fly walking by that you caught my eye
Tryna run but you're sad and spend the night
But I'm chrome in the zone so take me home
But when we're done having fun then I'm racing home
Cause
