

# Brokenhearted

## Kalin and Myles

You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you  
You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you I heard you had some trouble with your ex man  
Now it's hard for you to give your loving to the next man  
Only takes one time to learn the lesson  
And girl my love won't have you second guessing  
Nah  
Cause it can be alright  
If you would be all mine  
You should take your time baby it could be all night  
It aint nothin we could talk it out  
No pressure let me show you what Im all about  
If you  
Need a shoulder to cry on  
If you  
Need someone to rely on  
Girl I  
Could be the number you dial on  
Girl I  
Could be the one that you smile on You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you  
You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you  
Look  
I know it's hard to give your heart up  
When you're stuck in the past tense got you caught up  
Caught up  
I feel like this could be the start of  
What it should be  
Girl you know I get ya gotcha  
Shotgun  
Cause I aint got no time  
To just waste your time

Ima pull you in  
Get your waist on mine  
It aint nothing else to figure out  
If you trippin let me catch you  
What you talking bout? Pick it up, pick it up  
yeah I saw this on the ground  
Pick it up, pick it up  
Why you smiling upside down?  
Pick it up, pick it up  
It was in the lost and found  
Guess it's finder's keepers now  
And I aint gonna let you down If you  
Need a shoulder to cry on  
If you  
Need someone to rely on  
Girl I  
Could be the number you dial on  
Girl I  
Could be the one that you smile on  
(Let's get it!) You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you  
You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you  
Oh yeah x5  
You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you  
You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you  
Oh yeah  
You're broken hearted baby  
He broke your heart in two  
I'll tear my heart out baby  
To give up half to you
