

Kountry Gentleman

Family Force 5

I come from the land where the mullet attacks
Business up front
Party in the back
You gotta style in the south when you're stepping out
Put a gold tooth in you're mouth
Look at you now
Tank top, you're ball-cap, you think you're all that
But you're looking like Scott Stapp
You're just another redneck from back in the woods
Not a country Gentleman that can bring the goods, Tayooooo
My mama raised me in the dirty south
A Country Gentleman
So you best watch you're mouth
My mama raised me in the dirty south
A Country Gentleman
That's what it's all aboutIROC-Z, got an eagle on it
Rolling on some 12's
Don't you know I'm gonna flaunt it
Am I driving too fast for you now?
Backfire
The muffler goes ka-plowNow that I got you're attention
Just let me mention that I'm pinchin' pennies
To buy some 20's
Cause I got plenties and many's of monie's just to give to my friends
And that would certify me as a Country Gentleman!
Mama, what you got cookin' up in that kitchen?
Cookin' fried chicken?
Cause you know I love that soul food
Everything you cook is so good
For a southern man like me
You got to cook it up clean, cook it up mean
Mama don't like it when you got leftovers
Give me some of them collard greens
Got me some grub and I got to go
Down to the Grocery store
Tailgate party at the Pig Wig
Jumpin' up and down in the back of a truck bed
Look at that kid tryin' to act all big
Tried to break-dance and broke his leg
He ain't got what I got
Let's make it hot in this parking lotMy mama raised me in the dirty south
A Country Gentleman

So you best watch you're mouth
My mama raised me in the dirty south
A Country Gentleman
That's what it's all about The dirty, dirty south
The dirty, dirty south
The dirty, dirty south Watch what you say around my mamma.
She raised me in the dirty south
I said, watch what you say around my mamma
She raised me in the dirty south. Watch what you say around my mamma.
She raised me in the dirty south
I said, watch what you say around my mamma
She raised me in the dirty south. My mama raised me in the dirty south
A Country Gentleman
So you best watch you're mouth
My mama raised me in the dirty south
A Country Gentleman
That's what it's all about
My mama raised me in the dirty south
A Country Gentleman
So you best watch you're mouth
My mama raised me in the dirty south
A Country Gentleman
That's what it's all about
