## Bizzy Bone

Cause I'm a keep my stones cleansed out to the Stonehenge  
And we gon' keep it stone cold right to the bone bone  
Won't have to baptize me already did that  
Won't have to chastise me where is the kid at Different obstacles warrants from being  
victimized (victimized)  
I summarize my solutions, think restitution and realize (realize)  
I live my life on the stage, presence of pain  
And I'm thinking if I had fangs nobody would bother me  
Jesus had a plan before anyone ever knew me  
I'm regarded as a sell out, I'm a false friend, but the truth be  
I was the one who was sold out ? and I think you know  
I was born to sing these heavenly songs of soul  
A fifth of my spoils, like a fifth of my crown royal  
Loyalty bring royalty and prison over in the coil  
Toil the soil, righteous, tightened, and never humble  
Till the word comes and the sun still shine, hearted purple  
Man anytime the the dawg be smoking airs precious
