

# Flawless

## HoodRich Pablo Juan

Live for it, die 'bout my respect  
Yeah she fine but I ain't impressed  
Ooh, drinking that Hi-Tech  
I'm on the grind, chasing that check  
She give me that neck, it be wet  
Brand new Rari, this ain't no 'Vette  
Everything foreign, I got obsessed  
He cuffin' her yeah, she under arrest  
I'm the greatest, you the less  
My drugs is designer, they the best  
Covered in diamonds, VVS  
Yeah I'm fly, private jet  
Yeah I'm flawless, my diamonds they flawless  
My whips they flawless, my chopper from New Orleans  
These bitches so bad they don't need no makeup  
Can't pay attention to these fuck niggas, had to pay cut  
All this ice on me, goddamn a nigga caked up  
I smoke gelato ice cream, and I'm drinkin' maple  
That bitch a fool, thought I was her man, call her April  
Fuck you thought, I ain't no Superman, ain't tryna save her  
I'm ballin', drinkin' yellow purple in LA, Lakers  
Iced out the time clock, I feel like Flava Flava  
Ooh, look at my ice, it brought out the slime  
Broke nigga better have money for bond  
Called up the plug, I'm worth three tons  
My nigga caught a body, still on the run  
Stay on the sidewalk, it ain't fun  
Big opp, I grew up with choppers and guns  
Remember stealing and robbing for the crumbs  
Still the same nigga without the funds  
Twelve years old, I bought me a gun  
I was sellin' the dope just as fast as it come  
I was stuck in the hood but I know I'm the one  
Lights off, gotta turn 'em on  
When I was young, wanted to fuck Raven Symone  
Now all of my bitches they bad to the bone  
Got so many bricks I could build up a home  
I drop off the pack in the hood then I'm gone  
Live for it, die 'bout my respect  
Yeah she fine but I ain't impressed  
Ooh, drinking that Hi-Tech  
I'm on the grind, chasing that check

She give me that neck, it be wet  
Brand new Rari, this ain't no 'Vette  
Everything foreign, I got obsessed  
He cuffin' her yeah, she under arrest  
I'm the greatest, you the less  
My drugs is designer, they the best  
Covered in diamonds, VVS  
Yeah I'm fly, private jet  
Yeah I'm flawless, my diamonds they flawless  
My whips they flawless, my chopper from New Orleans Yeah, they gave me the ball now I'm  
hoggin'  
Same nigga hating, I'm the nigga, now they fallin'  
Fifteen hundred for these skinny jeans, they Balmain  
The dope fiends still remember me, I got 'em arguing  
At first she was stalling, now my phone she keep calling  
I'm good with problem solving, even better with revolvers  
I keep that ho revolving  
VS diamonds on me like I'm drowning in water  
South By Southwest, I take the dope out to Austin  
Got powers like I'm Austin  
I do this so often  
I'm fly, I ain't walkin'  
Put a hole in your head like a dolphin  
Since a young nigga, always been bossin'  
Go see the killers when I visit Boston  
Now I use blue hundreds for the flossing Live for it, die 'bout my respect  
Yeah she fine but I ain't impressed  
Ooh, drinking that Hi-Tech  
I'm on the grind, chasing that check  
She give me that neck, it be wet  
Brand new Rari, this ain't no 'Vette  
Everything foreign, I got obsessed  
He cuffin' her yeah, she under arrest
