

# Drunk

## Ed Sheeran

I wanna be drunk when I wake up  
On the right side of the wrong bed  
And never an excuse I made up  
Tell you the truth I hate  
What didn't kill me,  
It never made me stronger at all Love will scar your makeup,  
Lip sticks to me  
So now I maybe lean back there  
I'm sat here,  
Wishing I was sober  
I know I'll never hold you like I used to  
But a house gets cold when you cut the heating  
Without you to hold I'll be freezing  
Can't rely on my heart to beat in  
Cause you take parts of it every evening  
Take words out of my mouth just from breathing  
Replace with phrases like 'when you leaving me?'  
Should I? Should I? Maybe I'll get drunk, again  
I'll be drunk, again  
I'll be drunk, again  
To feel a little love I wanna hold your heart in both hands  
Not watch it fizzle at the bottom of a Coke can  
And I've got no plans for the weekend  
So should we speak then?  
Keep it between friends?  
Though I know you'll never love me like you used to  
There may be other people like us  
Who see the flicker of a clipper when they light up  
Flames just create us  
Burns don't heal like before  
And you don't hold me anymore On cold days cold plays out like the band's name  
I know I can't heal things with a handshake  
You know I can change,  
As I began saying  
You cut me wide open like landscape  
Open bottles of beer but never champagne  
To applaud you with the sound that my hands make  
Should I? Should I? Maybe I'll get drunk, again  
I'll be drunk, again  
I'll be drunk, again  
To feel a little love All by myself  
I'm here again

All by myself  
You know I'll never change  
All by myself  
All by myself I'm just drunk, again  
I'll be drunk, again  
I'll be drunk, again  
To feel a little love
