Missed FaceTime, and it's from your bitch

I be steady gettin' face in the, in the whip

In the party with a hundred niggas, we hella thick

Everybody got a pistol and an extended clip

We gon' shake this shit up if a nigga wan' trip

Hundred rounds on the blower, she gon' suck a hundred dicks

Molly all in my water and my dick all in your bitch

You be steady on the phone but we steady in the crib

And she steady talkin' shit, like, My nigga, he a bitch

She a ho, but you love her, all you niggas is a trip  
And she steady talkin' shit, like, My nigga, he a bitch  
She a ho, but you love her, all you niggas is a trip  
Had to sneak my shorty in 'cause he needed to be older  
Lil' nigga 17 but he keep the biggest blower  
We was thinkin' y'all was goals 'til we found out she a go-er  
Now we laughin' at the fact that you niggas even post her  
Pistol grip on my shit, I'm a thirty round toter  
Big rocks of the coke, have you ever seen a boulder?  
I got money on my mind and a chip on my shoulder  
She don't know how to sell the pussy, I'ma have to show her [Chorus: Fenix Flexin]  
I put a molly in my water, then I drink it up (Drink it up)  
Best believe he got a pistol if he came with us (Best believe he got it)  
Make you find out 'bout your bitch because y'all breakin' up (Y'all breakin' up)  
If it's beef, I hope you ready, we gon' shake it up (Bitch)  
I put a molly in my water, then I drink it up (Ayy)  
Best believe he got a pistol if he came with us (If he came with us)
