

# Superego (feat. Nao)

## Disclosure

It's not your bubble I'm bursting  
But soon a penny's gonna drop  
Every time we're conversing  
I see your head about to pop I'm looking at you, don't like what I see  
You need to touch ground 'til you're level with me  
So you better hold it, hold it down, down  
This is bigger than you, it's bigger than me  
You're stringing it out like a symphony  
So you better hold it, hold it down, down, down  
This ain't the me show, keep it on the low  
Where's your superego?  
You let your head grow, I tried to let you know  
When I tell you how it is, you don't like it  
You don't like it, you don't like it  
I tell you how it is, you don't like it  
You don't like it, you don't like it  
I tell you how it is, you don't like it, no, no, no  
So where's your superego? You're my girl, so it's worth it  
I'm gonna hit you with the truth  
In this world no one's perfect  
We're all consumed by what we do I'm looking at you, don't like what I see  
You need to touch ground and get level with me  
So you better hold it, hold it down, down  
This is bigger than you, it's bigger than me  
You're stringing it out like a symphony  
So you better hold it, hold it down, down, down, down  
This ain't the me show, keep it on the low  
Where's your superego?  
You let your head grow, I tried to let you know  
When I tell you how it is, you don't like it  
You don't like it, you don't like it  
I tell you how it is, you don't like it  
You don't like it, you don't like it  
I tell you how it is, you don't like it, no, no, no  
So where's your superego?  
So where's your superego? You've lost a part of your mind  
A part that's hard to define  
I'm tryna help you with your superego  
You've lost a part of your mind  
A part that's hard to define  
I'm tryna help you with your superego This ain't the me show, keep it on the low  
Where's your superego?

You let your head grow, I tried to let you know  
When I tell you how it is, you don't like it  
You don't like it, you don't like it  
I tell you how it is, you don't like it  
You don't like it, you don't like it  
I tell you how it is, you don't like it, no, no, no  
So where's your superego?  
So where's your superego?
