

# Pills N Potions

Nicki Minaj

Pills and potions  
We're overdosing  
I'm angry but I still love you  
Pills and potions  
We're overdosing  
Can't stand it but I still love you I still love, I still love  
I still love, I still love  
I still lo-o-ove, I still love  
I still love, I still love  
I still love, I still love I still love, I still love  
I still love, I still love  
I still lo-o-ove, I still love  
I still love, I still love  
I still love, I still love  
Ayo they could never make me hate you  
Even though what you was doing wasn't tasteful  
Even though you out here looking so ungrateful  
I'mma keep it moving, be classy and graceful  
I told 'em it's no friends in the game  
You ain't learned that yet  
All the bridges you came over, don't burn that yet  
Niggas want respect, but niggas ain't earned that yet  
Self-righteous, and entitled  
But they swearing on the Bible that they love you  
When really they're no different from all your rivals  
But I still don't wish death on 'em, I just reflect on 'em Pills and potions  
We're overdosing  
I'm angry but I still love you  
Pills and potions  
We're overdosing  
Can't stand it but I still love you  
I still love, I still love  
I still love, I still love  
I still lo-o-ove, I still love  
I still love, I still love  
I still love, I still love I still love, I still love  
I still love, I still love  
I still lo-o-ove, I still love  
I still love, I still love  
I still love, I still love Yo, people will love you and support you when it's beneficial  
I'mma forgive, I won't forget, but I'mma dead the issue  
Soon as you out the niggas lives is when they start to miss you

They see you doing good now it's kinda hard to diss you  
Niggas be sick when they remember all the bad they wished you  
Niggas be mad when they can't come and live lavish with you  
But I sped off in the Benzy, I see the envy when I'm causing a frenzy  
So I pop pills for 'em, cop cribs in the hills on 'em  
Pills and potions  
We're overdosing  
I'm angry but I still love you  
Pills and potions  
We're overdosing  
Can't stand it but I still love you I still love, I still love  
I still love, I still love  
I still lo-o-ove, I still love  
I still love, I still love  
I still love, I still love I still love, I still love  
I still love, I still love  
I still lo-o-ove, I still love  
I still love, I still love  
I still love, I still love I get high off your memory  
I get high off your memory  
I get high off your memory  
In due time, we'll be fine  
In due time... I still love, I still love  
I still love, I still love  
I still lo-o-ove, I still love  
I still love, I still love  
I still love, I still love I still love, I still love  
I still love, I still love  
I still lo-o-ove, I still love  
I still love, I still love  
I still love, I still love
