

Ruthless

DevilDriver

Aaaah!

Ugh!

Dealer, dealer, dealer, dealer, dealer

Dealer of destruction

The Shogun of sorrow

The merchant of doom

Accomplice to anyonePre-

The fact is fear will f*ck you up

So drain your cup

And take another down

A chilling portrait of the way we were

Promised mercy, but delivered destruction

Cross my heart

Despite the odds and all your facades

I'm consumed by gods

I'll see you in blood, left for dead

Face down in mud, f*ck you I'm ruthless

Despite the odds, left for dead

Face in the mud I'm f*cking ruthlessDamn the deceiver, the ancient of evils

You'll come to cower

In front of the will for powerPre-

The fact is fear will f*ck you up

So drain your cup

And take another down

A chilling portrait of the way we were

Promised mercy, but delivered destruction

Cross my heart

Cross my heart

Despite the odds and all your facades

I'm consumed by gods

I'll see you in blood, left for dead

Face down in mud, f*ck you I'm ruthless

Despite the odds, left for dead

Face in the mud, f*ck you I'm ruthlessLook what you've done to me

Now with candle light I pray

Love is not the law

Underneath the harvest moonThe dealer of destruction

The Shogun of sorrow

The merchant of doom

Accomplice to anyonePre-

The fact is fear will f*ck you up

So drain your cup

And take another down
A chilling portrait of the way we were
Promised mercy, but delivered destruction
Cross my heart
Despite the odds and all your facades
I'm consumed by gods
I'll see you in blood, left for dead
Face down in mud, f*ck you I'm ruthless
F*ck you I'm ruthless
Left for dead f*ck you I'm ruthless
Left for dead
