The Amity Affliction

I've been searching for an exit
but I'm lost inside my head
Where I spend every waking moment
wishing I was dead
For a few minutes get me away from here
For a few minutes wipe away my tears
For I am lost right now as the ocean deep
I am low my friend and how my heart does sink Yeah I am lost right now as the ocean deep
I am low my friend and how my heart does sink It's like there's cancer in my blood
It's like there's water in my lungs
And I can't take another step
Please tell me I am not undone
It's like there's fire in my skin
And I'm drowning from within
I can't take another breath
Please tell me I am not undone I've been searching for an exit
but I'm lost inside my head
Where I spend every waking moment
wishing this would end I can't take another step
I cannot live inside my mind
I can't face another day
I am so fucking tired
For I am lost right now as the ocean deep
I am low my friend and how my heart does sink
Yeah I am lost right now as the ocean deep
I am low my friend and how my heart does sink
It's like there's cancer in my blood
it's like there's water in my lungs
And I can't take another step
Please tell me I am not undone
It's like there's fire my skin And I'm drowning from within
I can't take another breath
Please tell me I am not undone I've been searching for an exit
but I'm lost inside my head
Where I spend every waking moment
wishing I was dead I'll take another step for you
I'll shed my tears until I drown or until I am underground
I'll take another breath for you...
Will you still be there when I'm home
out from the great unknown? It's like there's cancer in my blood
It's like there's water in my lungs
And I can't take another step

Please tell me I am not undone
It's like there's fire my skin
And I'm drowning from within
I can't take another breath
Please tell me I am not undone
