

# What We're Livin For (feat. Patrick Droney)

[Paul van Dyk & Michael Tsukerman](#)

And if we only look back then we'll never know  
if we only look back then we'll never know  
if we only look back then we'll never know  
what we're livin for  
what we're livin forAnd if we only look back then we'll never know  
if we only look back then we'll never know  
if we only look back then we'll never know  
what we're livin for  
what we're livin for  
And if we only look back then we'll never know  
if we only look back then we'll never know  
if we only look back then we'll never know  
what we're livin for  
what we're livin forAnd if we only look back then we'll never know  
if we only look back then we'll never know  
if we only look back then we'll never know  
what we're livin for  
what we're livin forAre you livin, oh  
Are you livin, oh  
Are you livin, oh  
Are you livinWhat you waiting for?  
What you waiting for?  
Are you livin?  
This is what we're livin for!  
This is what we're livin for!  
This is what we're livin for!What we're livin for!
