

Me, Myself and I

Vitamin C

You know he was the type that never left me alone
Until I really need to reach him on the telephone
He was nowhere to be found he's hanging out with the boys
Driving round around the city in his pretty new toy Never gonna get it together, uh huh uh huh
Never gonna make it much better, uh huh uh huh
Should I stay or should I go because I really need to know
Or do I stick around and cry cause now it's time to say goodbye
(please baby, please baby) I ain't got nobody, that I can depend on
Just me, myself, and I
I ain't got nobody, that I can depend on
Then there was the one who couldn't make up his mind
He's always checking every chick at the checkout line
He told me baby I'm just looking, but I never would touch
Then I catch him with Alicia at the back of the bus Never gonna get any better uh huh uh huh
Never gonna get it together uh huh uh huh
Should I stay or should I go because I really need to know
Or do I stick around and cry cause now it's time to say goodbye
(Please Baby, Please Baby) I ain't got nobody, that I can depend on
Just me, myself, and I
I ain't got nobody, that I can depend on
Just me, myself, and I ain't got nobody, that I can depend on
I said me, myself, and I
I ain't got nobody, that I can depend on
2, 4, 6, 8 why don't you appreciate me?
Adios, amigo
bye bye (please baby, please baby)
me, me, me, that's the way it's suppose to be
(please baby, please baby)
can you believe this? I ain't got nobody, that I can depend on
Just me myself and I
I ain't got nobody, that I can depend on
Just me myself and I ain't got nobody, that I can depend on
Just me myself and I
I ain't got nobody, that I can depend on
I said me, myself, and I repeat til fades
