

# Outline (feat. Julie Bergan)

## Crazy Cousinz

I barely sleep  
Falling too deep for you, you  
We're getting close  
But I need more from you, youCos when we talk that talk  
You don't walk that walk  
Are you scared to go  
Some place you don't know?  
Baby, take my hand  
I'll help you understand  
Show me what's insideYou gotta let me into your heart  
You gotta open up every part, 'cause right now  
I don't know how you feel inside  
Yeah, you're just showing me the outline  
You gotta let me into your heart  
You gotta open up every part, 'cause right now  
I don't know how you feel inside  
Yeah, you're just showing me the outlineI need the words  
Make me believe it's real, real  
Cos these silhouettes  
They don't mean nothing to me, me'Cause when we talk that talk  
You don't walk that walk  
Are you scared to go  
Some place you don't know?  
Baby, take my hand  
I'll help you understand  
Show me what's inside  
You gotta let me into your heart  
You gotta open up every part, 'cause right now  
I don't know how you feel inside  
Yeah you're just showing me the outlineYou gotta let me into your heart  
You gotta open up every part, 'cause right now  
I don't know how you feel inside  
Yeah you're just showing me the outlineI wanna know you better, you better  
I wanna know you better, no more outlines  
I wanna know you better, know you better, baby  
I wanna know you better, no more outlinesI don't wanna love somebody new  
I just wanna love someone that's you  
There's a missing heart that I can't see  
It's just the outline you give to me  
The outline  
It's just the outline you give to me  
It's just the outline you give to me

It's just the outline you give to me  
It's just the outline you give to me  
The outline You gotta let me into your heart  
You gotta open up every part, 'cause right now  
I don't know how you feel inside  
Yeah, you're just showing me the outline You gotta let me into your heart  
You gotta open up every part, 'cause right now  
I don't know how you feel inside  
Yeah, you're just showing me the outline
