

# Spend the Night

[Dave Hollister](#)

All I wanna do is spend the night with you  
Spend the night for the rest of my life...  
All I wanna do is spend the night with you  
Spend the night for the rest of my life...Diamonds may be forever  
But they'll never outshine our love  
You hold my world, together  
Make me forget how life was before you, that's why...All I wanna do is spend the night with you  
Spend the night for the rest of my life...  
All I wanna do is spend the night with you  
Spend the night for the rest of my life...  
I see you, even when I close my eyes  
That lets me know you care  
Ain't going nowhere  
Right height, right size, that frame, you're just my type  
And just in case you didn't hear what I said  
Come on over here and let me say it in your ear...All I wanna do is spend the night with you  
Spend the night for the rest of my life...  
All I wanna do is spend the night with you  
Spend the night for the rest of my life...Bridge  
Oooo, say what you wanna, like Vickie Secrets I'm up on ya  
Oh, call me crazy, can't let you get away  
Girl, you give me that good good lovin'  
That Harlem Night "Sunshine"  
Can't think about nothing else  
If it ain't you I'd rather be by myself...  
All I wanna do is spend the night with you  
Spend the night for the rest of my life...  
All I wanna do is spend the night with you  
Spend the night for the rest of my life...Vamp  
I see me kissing you goodnight  
As you holding onto me so tight  
What could be better than that?  
Nothing...I swear girl nothing else feels right  
You keep this up then I just might  
Keep you for the rest of my life...(repeat)  
All I wanna do is spend the night with you  
Spend the night for the rest of my life...  
All I wanna do is spend the night with you  
Spend the night for the rest of my life...
