

Working For The Weekend (feat. bbno\$)

MAX

I've been working for the weekend
But that weekend never came
Will you pat my back tomorrow
If I break my back today? Yeah it's 7 a.m.
And I can't seem to keep my eyes shut
Even if I get up, even if I get beat down
Will I be fine? Na-na-na-na
If I do my time? Na-na-na-na
I guess I'll sleep when I'm dead
I've been working for the weekend
But that weekend never came
Will you pat my back tomorrow
If I break my back today?
I've been going off the deep end
But my sanity's at stake
Will you pat my back tomorrow
If I break my back today?
If I break my back today
Baby, you know
I was broke, well, I still am
