

Wet Dreamz

J. Cole

ColeCole, world

Yeah

Let me take y'all back manAs I do so well

Wasn't nothin' like that

Man, it wasn't nothin' like that first, time

She was in my math class

Long hair, brown skin with the fat ass

Sat beside me, used to laugh, had mad jokes

The teacher always got mad so we passed notes

It started off so innocent

She had a vibe and a nigga started diggin' it

I was a youngin' straight crushin' tryna play this shit cool

But a nigga couldn't wait to get to school

Cause when I seen 'em thighs on her and them hips on her and them lips on her

Got me daydreaming, man what

I'm thinkin' how she rides on it, if she sits on it, if she licks on it

Make it hard for me to stand up

As time goes by, attractions getting deep and

Wet dreaming thinkin' that I'm smashin' but I'm sleepin'

I want it bad, and I ain't never been obsessed before

She wrote a note that said "You ever had sex before?"

Damn

And I ain't never did this before, no

And I ain't never did this before, no

And I ain't never did this before, no

And I ain't never did this before, no

And I ain't never did this before, no

And I ain't never did this before, no

And I ain't never did this before, no

And I ain't never did this before, no

I wrote back and said, "Of course I had sex before," knowing I was frontin'

I said, "I'm like a pro, baby," knowing I was stuntin'

But if I told the truth I knew I'd get played out, son

Hadn't been in pussy since the day I came out one

But, she don't know that, so she done wrote back and told me

"Oh you a pro homie? Well I want you to show me

My mama gone for the weekend

So Saturday baby we can get to freakin'"

That's when my heart start racing and my body start sweatin'

Baby, you done woke my lil' man up

I'm thinking how that body look naked when you laying on the bed

Teacher, please don't make me stand up

I wrote back like "Yeah, baby, sound like a plan"
Still trying to play it cool, sound like the man
But I was scared to death my nigga, my stomach turned
Talking shit knowing damn well I was a virgin
Fuck

And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And i ain't never did this before, no

You know that feeling when you you finna bone for the first time
I'm hoping that she won't notice it's my first time.

I'm hoping that my shit is big enough to fuck with
And most of all I'm praying, "God don't let me bust quick"
I'm watching pornos trying to see just how to stroke right
Practice putting condoms on, how it go right
I'm in her crib, now a nigga palms sweatin'
With a pocket full of rubbers and an erection

That's when my hands start touching and her face start blushing
And a nigga roll over on top

And then she get my pants unbuckled and her hands start rubbing
On me, ooh girl don't stop

It's time for action: pull out the condoms real smooth, yeah, just how I practiced
But right before I put it in, she flinched and grabbed it and said

"I wanna get something off my mental
I can tell you're a pro, but baby be gentle, cause"
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
And I ain't never did this before, no
