# Stretch

## [Common Kings](#)

Don't need no trainin' girl you see
Im the only workout you need
Gonna rest your body up for me
Send you a text
Don't stress
Baby don't flex
I just need you to stretch
Hey-ey
Baby just stretch out for me
So when I rise up
Baby don't try up
Open your mind
Don't knock it till ya try it out
and cholthes off
'Fore ya come closer
Don't waste no time we need it every minute darling
Ooh believe in me
Guarantee you'll get my loyalty
Do it right so you don't want me to leave (want me to leave no)
Woah-oh now
We'll take it slow now
From the bottom to the middle
Fill you up sugar
So loud
No need to turn down
Let the echo off your voice hit the wall sugar
Every goal you set will achieve
(will achieve it)
Don't hesitate to follow my lead
(follow my lead)
Do it right so you don't want me to leave
(you won't want me to leave)
You won't want me to leave... No
