

# Get Bigger / Do U Luv

## NxWorries

I left home at 17 had to lighten the load  
I was young but I was keen to survive on my own  
In the fall gotta get it with my brother Elhaj  
Shopping work, bagging groceries, pushin' them carts  
I was grateful to be working but say my back is hurtin'  
I don't think it's the purpose, no this can't be the call  
At night, I workin' grave, just counting the time  
On my break I wrote a song 'bout the love of my life  
This ain't right  
Couple dollars and change  
Walking home in the rain  
Jump in the front of the train  
Bitch, I might  
On top of the roof, empty bottles of brew  
Take a hit of my J, I'm in flight  
Closing my eyes visioning in Monte Carlos with tinted windows and balling legitimate  
Open my eyes I was in the same predicament  
The next day I called in; said "I quit"  
Bitch, I get bigger  
You and me have to get bigger  
I'm jumping the wall, raising the ball  
Taking no bullshit  
You and me have to get bigger  
I'm legit, I'm legit Too on, everybody rooting for me since I got a new jawn  
Other bitch was too corny  
My routine, fixing turkey and cheese  
Now I got a new broad who can run and cook for me  
Couldn't tell a nigga nothing, she couldn't do wrong  
Had my nose wide open I could sniff a cue-ball  
Tenderoni, taking all of my time  
It's the power of the P-U-S-S-Y, ain't that right  
Split up the bank, gave her all of my change  
Coppin' diamonds and rings  
I can't lie  
Stomach to leave  
She said, "Music or me?"  
The fuck do you mean, this ain't right  
Closing my eyes visioning  
Living with this bitch could end up giving me instant misery  
Open my eyes, she was kissing my constituent  
I threw that bitch off the cliff  
And as I get bigger

You and me have to get bigger  
I'm jumping the wall, raising the ball  
Taking no bullshit  
You and me have to get bigger  
I'm legit, I'm legit  
To love  
Is it love?  
Is it good?  
To love  
To love  
Is it love?  
Is it good to you?  
Do you love?
