

D.L.G.

Air Dubai

Wine in a bottle
Silhouette shade
Love it when your hair falls down to your waist
Take your time I can fill your space
12 o' clock hour come downstairs
Take your time can't go nowhere
If you push back I'll be right there You could be my dirty little girl
Have sex in the city
When you turn slow
Yeah you turn so pretty
Somewhere when the night falls
I ain't tryna be another guy
Frontin' hella hard just to leave you when the sun arrives
Tease you like you something fly
Treat you like another prize
I'm tryna please you girl
You best believe truth
When you hear it
Dudes be hella salty with their game and they fear it
Girl I wouldn't go near it
I'm tryna get your space and your time atmospheric
I got you and you're bout to hear it
Each and every lyric You could be my dirty little girl
Have sex in the city
When you turn slow
Yeah you turn so pretty
Somewhere when the night falls
You see me first
When I'm arriving through
Cut all the flirty shit
I'm tryna spend this night with you
Is what I'd like to do
That's how I ride though
Whip it fast paced
With the lights moving kinda slow motion
Sickness show me what you got for me
Hoping I'm getting it
Focus on the spot
Drop cash if you frontin'
Not asking for loving
Tonight I'm bout to break you off

Proper if you want it You could be my girl...
