

Don't You Run (feat. Raja Kumari)

Vicetone

Can't think about what's wrong, or right
The second i, i feel alive
You do it to me
You bring me back up feel your energy
I'm high on your touch
Just do it for me
Make me remember, make me remember
(Oooh)
Don't you run from what you want
Give your heart what it loves
Don't you run, D-Don't you run
Give your heart what it loves
Don't you run, D-Don't you run
Give your heart what it loves
(Oooh)
Melt into me, I'll make
You mine
You set me off
You light my fire
You do it to me
You bring me back up feel your energy
I'm high on your touch
Just do it for me
Make me remember, make me remember
(Oooh)
Don't you run from what you want
Give your heart what it loves
Don't you run from what you want
Give your heart what it loves
(Oooh)
END.
