

Red Camaro

Rascal Flatts

Saw a red Camaro today
It turned my head around
It made me think about back when my life was a game
And we played it all night long, just like our favorite song
Summer's just around the bend
Summer's just around the bend
Turn up the music loud
Take the t-tops out
And let the chrome shine
Cruise along the river side
Feel the wind blow
Through your hair, through your toes
Got your bare feet hanging out the window
Oh, oh, oh, oh, oh, oh, oh, oh, oh
I saw a red Camaro today
And I did a double take, I thought I saw her face
We were so reckless and young
And it all comes back to me in stonewashed memories
Summer's just around the bend
Yeah, summer's just around the bend
Turn up the music loud
Take the t-tops out
And let the chrome shine
Cruise along the river side
Feel the wind blow
Through your hair, through your toes
Got your bare feet hanging out the window
Oh, oh, oh, oh, oh, oh, oh, oh, oh
Looking back, looking back
Sweet wine and sunshine
Looking back, looking back
Man, those were some good times
Oh, oh, oh oh
Everybody sing
Oh, oh, oh oh
1, 2, 3, 4
Turn up the music loud
Take the t-tops out
And let the chrome shine
Cruise along the river side
Feel the wind blow
Through your hair, through your toes
Got your bare feet hanging out the window
Oh, oh, oh, oh, oh, oh, oh, oh, oh
Turn up the music loud
Turn up the music loud
