

As

Marsha Ambrosius & Anthony Hamilton

As around the sun the earth know she's revolving
And the rose buds know to bloom in early May
Just as hate know love's the cure
You can rest your mind assure
That I'll be loving you always
As now can't reveal the mystery of tomorrow
But in passing we'll grow older everyday
Just as all that's born is new
Do know what i say is true
That I'll be loving you always
Until the rainbow burns the stars out in the sky (always)
Until the ocean covers every mountain high (always)
Until the dophin flies and parrots live at sea (always)
Until we dream of life and life becomes a dream
Did you know that true love asks for nothing
Her acceptance is the way you pay
Did that life is giving love a guarantee
To last through forever, another day Just as time knew to move on since the beginning
And the seasons know exactly when to change
Just as kindness knows no shame
Know through all your joy and pain
That I'll be loving you always As today i know im living for tomorrow
Could make me past, but that i musn't fear
For i know deep in my mind, the love of me i left behind
Cause I'll be loving you always
Until the day is night and night becomes a day (always)
Until the trees and seas just up and fly away (always)
Until the day that $8 \times 8 \times 8$ is 4 (always)
Until the day is the day there are nomore Until the day the earth starts turning right to left
(always)
Until the earth just fall, the sun ignites itself (always)
Until dear mother nature says our work os through (always)
Until the day that you were ...ALWAYS (6×)
Loved you for a life time
Did you know that true love lasts for life(End...)
