

# Lettuce Sandwich

## Lil Skies

Yeah, ayy  
Menoh!  
Ayy, ayy, ayy, ayy Wrist, dancing  
Sink your ship, Titanic  
My clique full of bandits  
Grab for that lettuce sandwich  
The coupe, is tinted  
She thought it was rented  
I want it, I'mma spend it  
Live my life with no limits I'ma do the damage, I'ma do the damage  
I'ma do the damage, bitch I'ma do the damage  
Know I'ma do the damage  
Just know I'm taking credit  
I said it then I meant it  
Man, 'cause I'm so relentless  
You want to hang with a rockstar, live a fast life and get high  
We 'gon come through, shut the block down  
Make 'em lay low like drive-byes  
I don't fuck with them, they don't fuck with me  
It gets to their heads but not mines  
I'm my own man, I don't need no hands,  
Who go switch with me and change sides  
Ooh, its lit  
Milk the game like a tit  
I put my bitch in Rick  
Now she 'gon ride this dick  
My gang, official  
No you don't want this issue  
Blast off hard like a missile  
Real diamonds these aren't crystals  
Lil' shawty, go crazy  
Pull up in black Mercedes  
Thank god my momma made me  
Boy you's a momma's baby  
The throne was set for taking  
I press reset on patience  
The purse makes her amazing  
Soak it up like a raisin  
Wrist, dancing  
Sink your ship, Titanic  
My clique full of bandits  
Grab for that lettuce sandwich

The coupe, is tinted  
She thought it was rented  
I want it, I'ma spend it  
Live my life with no limits I'ma do the damage, I'ma do the damage  
I'ma do the damage, bitch I'ma do the damage  
Know I'ma do the damage  
Just know I'm taking credit  
I said it then I meant it  
Man, 'cause I'm so relentless Senorita, she a eater  
My bitch a queen like Latifah  
Roll ten woods of that reefer  
Smoke KK Wiz Khalifa  
Got music blastin' through my speakers  
In the game you was on the bleachers  
I don't text her back, I don't need her  
You really thought she was a keeper  
Woah, not sorry, flexed up with my posse  
Tattoos all on my body  
Diamonds is playing hockey  
Cold, brr  
Let me go up her skirt  
Louis V on her purse  
Sunday she go to church  
She fragile, but worth it  
I know nobody perfect  
Not lying in my verses  
Take credit like immersion

Bitch I'm not from this planet

Don't think they understand it Wrists, dancing  
Sink your ship, Titanic  
My clique full of bandits  
Grab for that lettuce sandwich  
The coupe, is tinted  
She thought it was rented  
I want it, I'mma spend it  
Live my life with no limits I'ma do the damage, I'ma do the damage  
I'ma do the damage, bitch I'ma do the damage  
Know I'ma do the damage  
Just know I'm taking credit
