

# Attitude Dancing

## Carly Simon

(Carly Simon/Jacob Brackman) There's a new kind of dancing  
that's gonna be the rage  
You just leave yourself behind  
Like an actor on a stage Cop a different pose  
>From the pose you're in  
Shine a different attitude  
>From underneath your skin Attitude dancing  
Strut around the floor in a different attitude  
Attitude dancing  
Any attitude is the proper attitude  
Attitude dancing  
Don't be afraid to change your attitude  
Attitude dancing  
Free up your spirit with a new attitude  
It don't even matter  
If you stretch or shake  
And it don't really matter  
What moves your body makes And it don't really matter  
What steps you choose to do  
Only one thing matters:  
That's your attitude  
Your attitude, attitude dancing Attitude dancing  
Strut around the floor in a different attitude  
Attitude dancing  
Learn to move in another attitude  
Attitude dancing  
Find the groove in a new attitude  
Attitude dancing  
Don't be afraid of a new attitude  
It don't really matter  
What steps you choose to do  
Only one thing matters:  
Is your attitude Your attitude, attitude dancing  
Strut around the floor in a new attitude  
Do the locomotion in a new attitude  
Do the mashed potato in a new attitude  
Do the hully gully in a new attitude Find a role you like  
Capture it and freeze  
Then turn it around  
A hundred and eighty degrees  
Or if you're at a loss  
Observe some natural dude

And turn into a mirror of his attitude  
Attitude, attitude, attitude  
Dancing
