

Amateurs (feat. Lights)

Sleepy Tom

Like we laugh in back of sexy class
Stuck in your hall pass
Pizza 'bout the price of gasAs we dance in the dark on the grass
I laugh when I try to lie
You don't know how to get one by me
I know the way you smile
When I try and I get what you wantWaste the weekend, yeah
Hanging with different friends, yeah
Callin' me 3 AM like
You still want it, you still want it
Kiss on the mouth, yeah
We figure it out, yeah
That's what it's about, yeah
We still got it, we still got it
I've been having time of my life
And love is how we make it work
I can kick convince you every night
And still feel like an amateur
A-an amateur
A-an amateur
A-an amateurThere's still bad things when you cross my mind
Smoke show that I love to call mine
Like it when you take your time
Every time, every time, every time
Low tide, gonna come and go
Hard times never that bad though
Midnight and we're playing Diablo
Don't get better than this, no
Waste the weekend, yeah
Hanging with different friends, yeah
Callin' me 3 AM like
You still want it, you still want it
Kiss on the mouth, yeah
We figure it out, yeah
That's what it's about, yeah
We still got it, we still got itI've been having time of my life
And love is how we make it work
I can kick convince you every night
And still feel like an amateur
A-an amateur
A-an amateur
A-an amateur

Still feel like an amateurs
A-an amateur
A-an amateur
A-an amateur I know you know me too well
And I know you better
That's how we make it work
But we're still giving a hand every day we kiss
We still feel like amateurs
I know you know me too well
And I know you better
That's how we make it work
But we're still giving a hand every day we kiss
We still feel like amateurs I've been having time of my life
And love is how we make it work
I can kick convince you every night
I still feel like an amateur
A-an amateur
A-an amateur
A-an amateur
Woah
A-an amateur (still feel like amateurs)
A-an amateur (still feel like amateurs)
A-an amateur
Still feel like, still feel like amateurs
