

# Take It Personal

## Gang Starr

I never thought that you would crab me  
Undermine me, and backstab me  
But I can see clearly now the rain is gone  
The pain is gone but what you did was still wrong  
There was a few times I needed your support  
But you tried to play me like an indoor sport  
like racquetball, tennis, fool, whatever  
All I know is you attempted to be clever  
Nevertheless, cleverness can't impress  
Cause now you've been expose like a person undressed  
cause I see through you, I'm the Guru  
Now what you gonna do when I step to you  
and when I pay you back I'll be hurting you  
This ain't no threat so take it personal  
Rap is an art you can't own no loops  
It's how you hook em up and the rhyme style troop  
So don't even think you could say someone bit  
off your weak beat come on you need to quit  
I flip lines and kick rhymes that never sound like yours  
There oughtta be laws against you yapping your jaws  
Originality overflows from in me  
and the truth is, that you wish you could live the  
life I live and kick the lyrics I kick  
But bear in mind that you can't think as quick  
So Premier drops a beat, for me to says to  
And if I sound dooper then take it personal  
Don't be mad cause I don't come around the way  
like I used to, I don't have time these days  
I'm keeping busy making power moves  
Don't try to say I don't remember you  
You shouldn't let your jealousy show like that  
I stopped coming by, cause of the way you act  
Telling my business to kids I don't even know  
You're like a daytime talk show, and that's low  
So you can tell everyone, that I'm jerking you  
And if you don't like it, take it personal
