

Embrace

PNAU

On a night like tonight
You saved my life
Red and greenWet shoes slip on refracted lightsRunning faster than my legs can take me
Shouting louder than my lungs allow meWhy has the river flood
Still gotta die for someone
Feel my embrace now
Feel my embrace nowWhy has the river flood
Still gotta die for someone
Feel my embrace now
Feel my embrace now
Light a match,
Bring the flame over to your eye
Slipping past, you won't see me before you die
Breaking down our sleep, my head's still aching
This war is killing you and all around meWhy has the river flood
Still gotta die for someone
Feel my embrace now
Feel my embrace nowWhy has the river flood
Still gotta die for someone
Feel my embrace now
Feel my embrace nowYou go, go, go, go
You go, go, go, go
You go, go, go, go
You go, go, go, go
Why has the river flood
Still gotta die for someone
Feel my embrace now
Feel my embrace nowWhy has the river flood
Still gotta die for someone
Feel my embrace now
Feel my embrace nowWhy has the river flood
Still gotta die for someone
Feel my embrace now
Feel my embrace nowWhy has the river flood
Still gotta die for someone
Feel my embrace now
Feel my embrace now
