

Soft Dark Nothing

Lily Kershaw

Goodnight, goodbye, good luck, don't cry
It's the edge of it all
It's the edge of it all All my friends at the end of the world
I hope to see you again
It's the end of this time
It's the end of our time Oh how little did we know
We had such a long way to go
When you sleep tonight
You'll be in my dreams
Soft kind of love
Soft dark nothing comforting me
And the Earth went quiet
And the air went still
I feel you now more than I ever will So we break, and we bleed, and we hurt, and we need
To feel whole, to feel free
To feel like you feel like me In the end, weren't always friends
We saw the fault lines
And we made amends
Wasn't all you
Wasn't all me
We took our hits
And now we see
Oh how little did we know
We had such a long way to go When you sleep tonight
You'll be in my dreams
Soft kind of love
Soft dark nothing comforting me
And the Earth went quiet
And the air went still
I feel you now more than I ever will
