The Chipmunks & The Chipettes

Oh you shine bright
Brighter than all the stars
Brighter than fireworks
So I give you all my love And your perfection even in your mistakes
Give affection even when your heart aches
When I'm away
You're who I'm thinking of
Because You are my home, home, home
Wherever I may roam
You are the place where I can rest my weary bones
You are my home, home, home
You are my home, home, home You're a diamond
Brightening my cloudy sky
Sparkling all through the night
Light me up like fireflies See you shining even in the darkness
Stand beside me when I don't deserve it
That's what I say
I give you all my love
Because You are my home, home, home
Wherever I may roam
You are the place where I can rest my weary bones
You are my home, home, home You are my home, home, home
You're my number 1
There's no doubt
And we stick together throughout
Like boy scouts we are 'bout
All for one till life out
So Dave, Where you at?
Wave you hands
front to back
Everybody take a look around
At my dad
Up in the crowd
ohh (I love you Dad)
ohh You are my home, home, home
