

Way In the World

Nina Nesbitt

I'm working in a retail store
It's not where I'm cutout for
I live for my breaksI know there's something more
So much to explore
But it feels so far awayI'm not lost, I'm just finding
My way in the world
I'm not lost, I'm just finding
My way in the world
In the big old world
Do you ever do you ever do you wonder
Wonder where your dreams go
Do you feel like you're falling under
Under it all
Do you ever do you ever do you wonder
Wonder where your dreams go
Do you feel like you're falling under
Under it allI don't know what it's bad or good
Walking down the street
Without youI don't know quite what I want
But one thing I've got
Is a good idea of what I'm not
I'm not lost, I'm just finding
My way in the world
I'm not lost, I'm just finding
My way in the world
In the big old worldDo you ever do you ever do you wonder
Wonder where your dreams go
Do you feel like you're falling under
Under it all
Do you ever do you ever do you wonder
Wonder where your dreams go
Do you feel like you're falling under
Under it allAin't a store not a work
Can I take my seat
At the front of the bus
And my headphone pleat
And right there in a flash
With tears on my cheeks
I can suddenly seeWe're not lost, we're just finding
Our way in the world
We're not lost, we're just finding
Our way in the world

In the big old world
Do you ever do you ever do you wonder
Wonder where your dreams go
Do you feel like you're falling under
Under it all
Do you ever do you ever do you wonder
Wonder where your dreams go
Do you feel like you're falling under
Under it all
Do you ever do you ever do you wonder
Wonder where your dreams go
Under it all
Do you ever do you ever do you wonder
Wonder where your dreams go
Do you feel like you're falling under
Under it all
Do you ever do you ever do you wonder
Wonder where your dreams go
Do you feel like you're falling under
Under it all
Do you feel like you're falling under
I'm not lost, I'm just finding
My way in the world
In the big old world
