## 36 Crazyfists

Over mountains I feel safe  
Sacred were those summers  
And these memories I place in my heart for shelter And I modify  
Just to smell the ocean  
And I underline  
Visualizing motion And I guess I miss my home  
I could not stay  
I'll return It's alright I'm ok Reocurred daydream  
Tie up stern first  
And these gifts i've learned never leave me  
And I redesign  
Family and growing  
And I realign  
Forgetting nothing And I guess I miss my home  
I could not stay  
I'll return It's alright I'm ok  
Maybe in a few years it'll come back to you  
Reflection becoming your virtue So sort me out  
Lay me away  
Over these mountains I feel safe  
And bless the sound  
Return the day  
Over these mountains I feel safe  
And I guess I miss my home  
I could not stay  
I'll return It's alright I'm ok  
Maybe in a few years it'll come back to you  
Reflection becoming your virtue So sort me out  
Lay me away  
Over these mountains I feel safe
