

# Infinity Girl

## Stereolab

infinity girl  
new realities are conditions  
much to little for us to suffer  
because we don't know any better  
there are a hundred ways to fall in step  
new realities are conditions  
much to little for us to suffer  
because we don't know any better  
there are a hundred ways to fall in step  
because for the past two hundred years  
the wine drunk and the freedom proclaimed  
o are dubious and laughable  
waiting to yield a new use of life  
scatter, scatter brained by the sins,  
sins of silence  
scatter, scatter brained by  
the sins, sins of silence  
scatter,  
scatter brained by the sins,  
sins of silence  
scatter, scatter brained by the sins, sins of silence  
scatter, scatter brained by the sins, sins of silence  
a knife to cut the root  
the root of ignorance  
a knife to cut the root  
the root of ignorance  
scatter, scatter brained by the sins, sins of silence  
scatter, scatter brained by the sins, sins of silence  
new realities are conditions  
much to little for us to suffer  
because we don't know any better  
there are a hundred ways to fall in step  
because for the past two hundred years  
the wine drunk and the freedom proclaimed  
o are dubious and laughable  
waiting to yield a new use of life
