

# Revolution (feat. Chris Madin)

## Markus Schulz & Venom One

Here we are, without a sound  
A silver lining on the cloud  
Cannonball, smoke in the crowd  
We raise a white flag to the crown And we are a revolution coming  
And we are, the kings and queens of our land  
And all will be done, the battle be won  
'Coz we are the revolution coming  
Coming, oh... It was all part of our plan  
Fight and faith went hand in hand  
Burning skies came falling down  
All the silence failed so loud  
And we are a revolution coming  
And we are, the kings and queens of our land  
And all will be done, the battle be won  
'Coz we are the revolution coming  
Coming, oh...
