

# Wonderful World

## Otis Redding

I don't know much about the history now  
Don't know much about biology  
Don't much about the science book  
Don't know much about the French I took  
All I do know is I love you now  
And I wonder if you love me, too  
Ooh what a Wonderful World this could be I don't know much about geography now  
Don't know much about trigonometry now  
Don't know much about the algebra  
Don't know what a slide rule is for  
But I do know one and one is two now  
And I wonder if you love me, too  
Ooh what a Wonderful World this could be  
I don't claim to be an "A" student  
But that's what I'm trying to be  
But by being an "A" student, baby  
Looks like I could win your love for me Don't know much about the history now  
Don't know much about biology  
I don't much about the science book now  
Don't know much about the good French I took  
All I do know is I love you now  
And I wonder if you love me, too  
Ooh what a Wonderful World this could be I don't claim to be an "A" student  
But that's what I'm trying to be  
But if I have to be an "A" student, baby  
I'm gonna win your love for me  
I don't know much about geography now  
Don't know much about trigonometry  
Don't know much about the algebra now  
Don't know what a good slide rule is for  
But I do know one and one is two now  
And I wonder if you love me, too  
Ooh what a Wonderful World this could be Good lord, I been trying  
I been trying, I been trying...
