

# Delirium (feat. Rykka)

## Zomboy

Change  
Racing through my veins  
I feel you from the inside  
Filling up my head with the visions so strange I'm free  
Floating with the stars  
A diamond lost in heaven  
As long as I got you I am high on my heart You make me feel so high  
I don't know what I'm doing  
You make me feel so high  
I don't know right from ruin  
You make me feel so high  
I don't know what I'm doing  
You make me feel so high  
I don't know right from ruin You make me feel so Time  
Folding on itself  
Moments last forever  
Am I wide awake  
Is it body or spell Your touch  
Is lightning on my skin  
And as we were flying higher  
Who can tell the view from the heroin?  
You make me feel so high  
I don't know what I'm doing  
You make me feel so high  
I don't know right from ruin You make me feel so
