

American Capitalist

Five Finger Death Punch

I'm a red blooded rough neck son of a bitch
I'm a god damned American Capitalist
I got a kill 'em all give a shit license to hate
On that one shot one kill bringer of pain I don't wanna believe I'm empty
I don't wanna admit I'm wrong
I don't wanna regret who I'm becoming like
I'm an American... Capitalist
(American Capitalist) War is the answer like I told you before
Your a coward with the power just to stay on the floor
If you a man be a man stop running you laps
Round 3, no mercy, it's the way of the fist I don't wanna believe I'm empty
I don't wanna admit I'm wrong
I don't wanna regret who I'm becoming like
I'm an American... Capitalist
(American Capitalist)
I don't wanna believe I'm empty
I don't wanna admit I'm wrong
I don't wanna regret who I'm becoming like
I'm an American...
I don't wanna believe I'm empty
I don't wanna admit I'm wrong
I don't wanna regret who I'm becoming like
I'm an American... Capitalist
(American Capitalist)
American, American, American
