

# No Gray

## Jonathan McReynolds

Yeah I wrote this song  
And I pray that you listen to all the words  
Cause I feel like at some point in everybody's life  
We feel like this...Lord I'm split in two  
Part of me loves the world  
And the other loves You  
So what do I do  
I wanna be saved  
But I gotta stay cool too  
And no I'm not a fool  
I know eventually I'm gonna have to choose  
And really I don't wanna lose  
My ticket into heaven  
And a chance to be used by You  
And if it's God that I'm after  
I just can't serve two masters  
And before something happens  
I gotta turn it all around  
Because I know  
I can't just have my cake and eat it too  
Cause it's real easy to stay on the fence and still do You  
And it'd be cool if we could love the Lord and still go do our thing  
But see it doesn't work like that  
You gotta be white or black Oh ah  
Lord I've realized  
when it comes to sin  
You just don't compromise  
See it's a matter of death and life  
Be weak and do wrong  
Or be strong and do right  
And I don't wanna keep going to church  
Singing all about how much You're worth  
And then continue doin my dirt  
Living as if I didn't care if You're hurt Cause if it's God that I'm after  
I just can't serve two masters  
And before something happens  
I gotta turn it all around  
Because I know  
I can't just have my cake and eat it too  
Cause it's real easy to stay on the fence and still do You  
And it'd be cool if we could love the Lord and still go do our thing  
But see it doesn't work like that

You gotta be white or black eh yeah Lord I really need you to help me  
Get it together yeh  
Saints we really gotta  
Get it together Ooh yeah eh ey And if it's God that I'm after  
I just can't serve two masters  
And before something happens  
I gotta turn it all around  
Because I know  
I can't just have my cake and eat it too yeah  
Cause it's really easy to stay on the fence and still do you  
And it'd be cool if we could love the Lord and still go do our thing  
But see it don't work like that  
You gotta be white or black No it don't work like that  
You gotta be white or black yeah No gray  
No shades of gray  
No no no no no no no no no ah  
It don't work like that  
No gray, no no
