## Yesterdays Rising

Set free everything you need to let go.  
When we speak we breathe; when we breathe we feel.  
Allow me and watch me lay my thought down; right here, right now.  
I can't breathe; my speech is slow.  
I don't know, I just don't know,  
Whether or not I will speak.  
I want to breathe, I want to breathe.  
We are off.  
And we can't pretend for a second that we're clean.  
We are off.  
And the path will not open until I see you.  
Separate; it's killing me;  
I'm blacking out and it's so hard feeling the pain of not breathing.  
We are off.  
And we can't pretend for a second that we're clean.  
We are off.  
And the path will not open until I see you.  
It's hard feeling the pain of not breathing.  
(When we speak we breathe; when we breathe we feel.)  
It's hard feeling the pain of not breathing.  
(When we speak we breathe; when we breathe we feel.)  
Letting the light spread, when the energy is amongst our, amongst our fingertips.  
Letting the waves crash, when they're able to cause danger.  
Is where we descend  
I can break me down,  
It can break you down.  
I can break me down,  
I can break me down,  
It can break you down.  
I can break you down,  
But you can't break me down.  
I can break you down,  
But you can't break me down  
break me down.
