

# Guardian (feat. Sue McLaren)

Paul Van Dyk & Aly & Fila

Shadows surround you  
Where's the smile I long to see back on your face  
What am I to do  
In the end I only want to know you're safe So precious to lose  
Impossible to hold when you are worlds away  
A thousand thoughts of you  
Who'll protect you when the thunder rains Maybe they'll keep eye on earth  
Promise you'll never will be hurt  
Maybe they'll keep eye on earth  
Promise you'll never will be hurt  
Shadows surround you  
In the end I only want to know you're safe  
Maybe they'll keep eye on earth  
Promise you'll never will be hurt  
Guardian  
Guardian
