

Even (Headman)

Dispatch

Come down to the edge of the road
You can see them all crowded around
Soon they'll come in and come up hereLet them find an effigy
But they'll never find me
Head man, I live to see you roll awayThey'll never ever ever find me
They'll never ever ever find meHead man(Head man Head man) Head man walking, right in
front of me
Don't you look in, I'm not here you see
Dead man told me where I am to hide
Said he's waiting there, where it's allEven

Outside misconstrued, the search continues
The hidden afraid are never betrayed
by the already found and taken awayOh and in a different place
The hands that hold your face
Are only tryin' only tryin' to keep you warmThey'll never ever ever find me
They'll never ever ever find meHead man(Head man Head man) Head man walking, right in
front of me
Don't you look in, I'm not here you see
Dead man told me where I am to hide
Said he's waiting there, where its allEven

Walk on, will we
Walk on
With our heads to the wall
Let them find that they'll never find us all
Say hey, I wanted a life less hidden
They wanted a life, but I'll never give themPart of me
Part of me
Part of me
Part of meI will save my right
So hard to the ground
Until we all lay down
Until we lay ourselves downYou can feel them
You can feel them coming
You can feel them
You can feel them coming
You can feel them

You can feel them coming
You can feel them
You can feel them coming
