

# Fug

## Cymande

People need more time  
To stop our love from slowly dying  
Ask ourselves if we've tried  
To stop before it slides by  
Our mother needs more time  
Our father was so tired  
Here we are and we've tried  
To stop our love from slowly dying  
Look around the world see people are dying  
All because of greed hate mistrust and lying  
People need  
More time  
Hear me  
Everybody  
More time  
People need  
More time  
Everybody  
More time  
Lord hear me  
More time  
Lord hear me  
More time  
Everybody wants  
More time  
Everybody needs  
More time
