

# Take This Job (feat. David Allan Coe)

## Moonshine Bandits

Yeah take this job and shove it  
I'm not workin' here no more  
Yeah my woman done left and she took all the reasons I was workin' for  
And you better not try to stand in my way when I'm a-walkin' out the door  
You can take this job and shove it  
I'm not workin' here no more Well I been workin' on the rooftops  
For damn near 15 years  
And all of this time, I watched my woman drownin' in a port of tears  
And I've seen a lot of my good friends die  
They had a lot of bills to pay  
And I'd give the shirt right off of my back, if I had the guts to say  
Say what?  
Yeah take this job and shove it  
I'm not workin' here no more  
Yeah my woman done left and she took all the reasons I was workin' for  
And you better not try to stand in my way when I'm a-walkin' out the door  
You can take this job and shove it  
I'm not workin' here no more I got some greasy, old jeans and some holes in my shirt  
Old beat-up bucket that I'm hopin' ll work  
I'm just a blue-collared guy, baptized in dirt  
And every day I left late an' always showed up first  
Got a finger for the foreman, he's an S.O.B.  
And that line boss still bugs the hell out of me  
With his brand, new flat top and coffee-stained teeth  
Here's my damn notice, I ain't givin' two weeks  
Nah, ain't enough money that'll make me stay  
I got 'em talkin' to my back, but I'm still walkin' away  
As a matter of fact, I got this one thing to say  
You can take, you can shove it, get the hell out the way  
Say what?  
Yeah take this job and shove it  
I'm not workin' here no more  
Yeah my woman done left and she took all the reasons I was workin' for  
And you better not try to stand in my way when I'm a-walkin' out the door  
You can take this job and shove it  
I'm not workin' here no more Yeah one of these days I'm gonna blow my top  
And that sucker he's gonna pay  
I can't wait to see their faces  
When I get the nerve to say  
Say what? Now take this job and shove it  
I'm not workin' here no more  
Yeah my woman done left and she took all the reasons I was workin' for

And you better not try to stand in my way when I'm a-walkin' out the door  
You can take this job and shove it  
I'm not workin' here no more Yeah I wish I had a job to shove
