

Heaven Let Me In

Friendly Fires

This time
Heaven let me in
This time
Heaven let me in
This time I don't think I deserve this
For all my sins
You could wait for a lifetime
But I walked right in
Since I made a decision
To let things go
The voice in my head
Only says what I need to know Heaven let me in
Heaven let me in
Heaven let me in
Heaven let me in
In a world of temptation
I can't persist
Put the weight on the sideline
Better dive right in
Since I made a decision
To free my soul
You know that I'm fine
With the things that I can't control He-
Heaven
Heaven let me in
Heaven let me in
This time
Heaven let me in
This time
Heaven let me in
This time
Heaven let me in
This time
Heaven let me in
This time
Heaven let me in
This time
Heaven let me in, Heaven let me in
Heaven let me in, Heaven let me in
Heaven let me in, Heaven let me in
Heaven let me in, Heaven let me in (This time)
Heaven let me in, Heaven let me in (This time)
[Repeat to end]
